

AMERICA'S OLDEST FILE MANUFACTURER
CAN SUPPLY...

any
file you
need!

CATALOG NO. F-53

WRITE FOR THIS BOOKLET showing every type of American Pattern, Swiss Pattern, and Vixen milled curved tooth files. Specific information on each file including uses and available cuts. 64 pages of useful information about Heller files for *every* job.

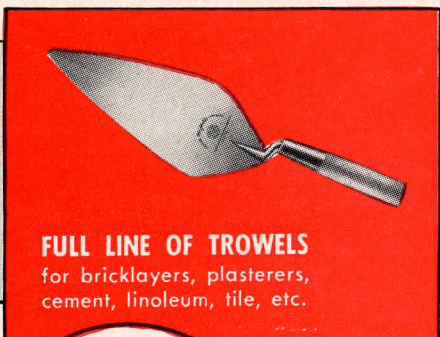

Heller also manufactures a complete line of rotary files including Handcut, Ground-from-solid, Carbide Burr, and Miniatures. Write for Catalog R-48 for this information.

Heller Brothers makes fine TOOLS

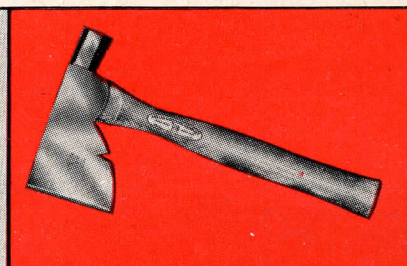

Fine tools are a craftsman's pride. Heller's full line includes carpenters', machinists', tinners', upholsterers', bricklayers', tilesetters', and blacksmiths' hammers, trowels, Craftmaster scrapers, and Masterenches.

Send for Catalog T-153 showing the complete line of Heller tools... made by craftsmen, for craftsmen.

MINIATURE ROTARY FILE
DISPLAY BOX

For effectively displaying both hand-cut rotaries and ground-from-solid cutters.
